

A better home conversation.

Connecticut Eco Home Advisor

Local context. Practical literacy.
Professional judgment.

KNOWLEDGE YOU CAN PUT TO WORK

See beyond the feature list.

EHA CT connects home-performance knowledge with the day-to-day work of Connecticut real estate professionals. Explore how a home works, organize the right records, and bring better questions to the transaction.

01

Understand

Connect systems, features, and the context of a home.

02

Verify

Work with records and know what still needs checking.

03

Communicate

Explain clearly and refer questions to qualified professionals.

Eight modules. Real-world application.

01 Connecticut's cold-climate reality

Understand the home before you advise on it.

02 Connecticut residential housing stock

Every era tells a different story.

03 High-performance technology

Explain the features. Know the boundaries.

04 The paperwork of performance

Turn documents into better questions.

05 Incentives & financing

Find the source. Verify the details.

06 Residential retrofits

Think in systems, not isolated upgrades.

07 Performance in transactions

Carry the conversation through closing.

08 The Connecticut move-out

Finish the transaction thoughtfully.

BEFORE YOU ENROLL

Request current dates, tuition, delivery format, and completion requirements. Confirm any Connecticut continuing-education approval for the specific course before relying on it for credit.

Explore the curriculum or request details on the EHA CT website.
